

USING THE BEANSTACK APP

DIVE DEEP WITH BEANSTACK!

What is Beanstack?

Beanstack is the website and mobile application that is used for logging your child's reading and activities during **Summer Reading Program**. From this site, you can track your books, time spent reading, activities you've completed, and the **GO Lancaster!** anchors you've visited.

Why should I use Beanstack?

GO Lancaster! is digital! While you have physical rubbing sheets and booklets, we will be tracking everyone's progress digitally through Beanstack, including our drawings for the five grand prize winners.

What if I don't have a phone or computer to log my anchors?

That is perfectly fine! Call or visit your local **Public Library of Lancaster County**, and a staff member can log the anchor for you. Just have your rubbing sheet nearby so that staff can verify the anchor for you!
